

HOUSEBUILDING IN FARNDON

WEDNESDAY 27TH AUGUST 2025
7PM
FARNDON COMMUNITY CENTRE

The Head of Planning at Cheshire West and Chester Council will be explaining to us what the recent changes made by national government to local housing targets mean for Farndon Ward, and the prospect of significant development locally - so this is a very real and live issue.

There will be the opportunity to ask questions.

CWaC is currently consulting on the options for where houses might be built as part of its new Local Plan. There are three options, A, B and C. Option A would see Farndon with 500-1500 new houses.

As yet, no formal planning applications have been received but neighbouring Malpas and Tattenhall are in the process of seeing major planning applications for 100s of houses.

This is your village – please attend if you can.
