### **53.26. DECLARATIONS OF INTEREST.**

None made.

### **54.26. GENERAL PUBLIC SPEAKING TIME.**

Nothing raised.

### **55.26. COMMUNITY SAFETY.**

The Clerk reconfirmed that following a proposed significant reduction in PCSO numbers from 87 to 27 in Cheshire the final outcome had been that 57 of the original 87 PCSOs would be retained by increasing the policing precept for 2026-27.

**Resolved:** Noted and Clerk to make contact with PCSO to raise possibility of a quarterly cluster meeting now being progressed.

i) Transfer of custodianship of defibrillator outside Medical Centre: **Noted:** Cllr Foster was now the named custodian, taking over from Cllr Amphlett.

**Resolved:** Cllr Amphlett to advise The Circuit that she was no longer Custodian and Cllr Foster to set up a new account with The Circuit in his name as the new custodian.

### **56.26. BOROUGH COUNCILLORS REPORT.**

Cllr A Waddelove was in attendance and reported:

i) Village Meeting 30 March 2026 regarding planning applications: The meeting had been well attended. There was a danger and likelihood that there would be more housing applications due to the 285% increase in Cheshire Wests housing targets. Subsequently, an Extraordinary Council meeting had been called by Cllr Waddelove and a colleague, seeking a reduction in the Councils housing target and requesting a reasonable period of grace during which any shortfall in the Councils land supply could be set aside, allowing for the full weight of existing Local and Neighbourhood Plans to continue to be applied.

ii) A534 40mph reduction: CWaC were saying that this was one of their top priorities. There had been one objection during the consultation. Following

making contact there had been no further engagement and CwaCs intention was therefore to 'push on'.

iii) Road closures: Concerns continued from businesses and residents about poor communication around roadworks in the Farndon Ward and he had written to the Director of Highways and Transport to express those concerns in strong terms and request an explanation as to how residents and businesses would be properly notified going forward. A response was still to be received.

**Resolved:** Noted.

## 57.26. MINUTES OF THE LAST MEETING.

**Resolved:** that the Minutes of the Meeting held on 3<sup>rd</sup> March 2026 be recorded as a true record.

**Proposed Cllr V Roberts      Seconded Cllr M Jones**

## 58.26. CLERK'S REPORT.

**Noted:** All updates circulated on email between meetings.

i) Grounds Maintenance Contract St Chads: **Noted:** The contract had been offered and accepted by PJ Hellmers Ltd.

ii) Street Orderly vacancy. **Resolved:** Clerk to forward advert to Cllr Henderson to include in the newsletter. To be advertised on a self-employed/contract basis on Minimum Wage.

iii) PC Newsletter. **Resolved:** Any outstanding items to be forwarded to Cllr Henderson with immediate effect.

A separate flyer had been prepared by a resident drawing villagers' attention to the three current housing development outline applications, detailing how and by when any comments should be made to CWaC Planning department. On approach, the PC had agreed to fund the cost of the print run and the flyers would be hand delivered as a joint effort, by residents and Cllrs, by the end of the week (11 April), where possible, to facilitate the commenting deadline for two of the three applications still in their consultation period running to 20 April.

iv) **Dog fouling:** The Clerk had engaged with the CWaC dog warden for advice. There had been a few suggestions but the officer felt that the most powerful one would be to ask the school if the children would make posters, to be laminated, and displayed on lampposts etc on rotation to enforce the message that this anti-social behaviour was 'seen', not acceptable and hugely impactful on residents. **Resolved:** Cllr Henderson to liaise with the school.

v) **Highways Teams Meeting** with the Clerk: One of the issues discussed had been the VAS at Monument Place. The Highways Officer while willing to progress adjusting the height of the sign on the post, at cost to the PC, was still of the opinion that the height of the hedge should be reduced instead as it had grown substantially.

**Resolved:** Ed Barnston was in attendance and offered to address the hedge. Clerk to inform Highways that this course of action would be taken instead in the first instance.

**62.26. HISTORY BOARD.**

Cllr Dawson reported: Anticipated remaining costs left the delivery of the project with a funding shortfall of £825. The intention was to ask the PC for further funding as this

was needed before they could formally contract the illustrator. There would be additional costs in the future but these would be for possible/potential supplementary add-ons to enhance the experience.

Cllr Henderson tabled a Farndon Primary School leaflet detailing their Farndon Local History Village Trail (users follow a map showing points of historic interest around the village, scan a QR code to hear the children speak sharing knowledge about the history of each place).

A discussion ensued about the merits and cost of each initiative. It was felt that the original PC concept, standing in its current format, could integrate the school initiative.

Ed Barnston offered to contribute a further £500 from the Estate towards the initiative.

**A vote was Proposed by Cllr P Fish and Seconded by Cllr V Roberts:** 'that the history board remains as per the original concept with the shortfall of £825 being funded £325 from the Community Benefit Fund and £500 from Barnston Estate'.  
Votes: 5 in agreement and 3 abstentions. Motion carried.

**Resolved:** History Board Group to complete and submit a Community Benefit Form application form and also to thank and accept the offer of £500 from Ed Barnston. Cllr Dawson to convene a meeting of history board group representatives and Cllrs Williams and Henderson to further discuss how the board could integrate the school initiative.

#### **63.26. FARNDON COMMUNITY CENTRE.**

**i)Valuation:** Further to the club Trustees writing to the Clerk regarding the value of the community centre both as an asset and for insurance purposes and in particular that there was some doubt as to its actual value, Cllrs Williams, Henderson, and the Clerk had met with a club Trustee to discuss. As there was this doubt as to the value of the Community Centre it was felt that it would be prudent that the PC, as owner of the asset, should commission an on-site valuation survey to have confidence that the correct valuations were being recorded and used. **Resolved:** Cllr Henderson to arrange valuation.

#### **64.26. STANDING CONSIDERATION OF HIGHWAY MATTERS.**
